

Yachtcru, Vessel Management Solution

About Yachtcru

Yachting is about the people, not the paperwork.

That's why we created Yachtcru.

Our goal is to stop the endless grind of spreadsheets and make time for the yacht and guests.

Yachtcru was developed and built by yachting professionals with over 20's experience. We have focused on simple implementation to minimising training requirements. At the same time giving crew the tools they need.

Yachtcru modules

Crew Certificates

Add a certificate to the requirements list and the system will track missing as well as expired documents.

Hours of Rest

A simple but powerful tool for tracking hours of work. Add details for multiple days or from previously saved templates.

Reports

We have made it easy to create detailed reports on almost any data in the system with just a few clicks

Yacht Certificates

Ensure compliance. Our system knows the certificates a yacht is required to hold, depending on her length, GT and planned cruising

ISM Forms / Documents

An ISM compliance system, all wrapped up into a single app. Build for a yacht or a Fleet

Support

Need a helping hand to get set up? We can onboard all your data for you.

Crew & Reports Modules

Take the tedium out of tracking your yacht's crew compliance. This module gives you a flexible tracking system with access for heads of department as well the crew members.

Reduce your Admin Overhead

- Set Required certificates by position
- Track missing as well as expired documents
- View the status of all ENG1's on a single page
- Receive 30/60/180 day alerts

Share the workload

- Each crew member can update their details
- Notification for documents not checked by senior crew
- Senior Crew and Management controls access levels
- Seamlessly transfer crew between fleet yachts..

A screenshot of a laptop screen displaying the Yachtcru Crew Management Solution software. The interface is clean and modern, designed for crew management. At the top, there is a header bar with the Yachtcru logo, the text "CREW MANAGEMENT SOLUTION", and a "Logged in as: Crew" message. To the right of the login message are three icons: "ISSUES" with a red notification badge, "INBOX" with an envelope icon, and a user profile icon. Below the header, the main content area shows a crew member's profile for "Morris Hanna". On the left, there is a sidebar with a large photo of Morris Hanna and a green "+" button. Below the photo is his name, "Morris Hanna", and a list of five menu items: "Issues", "Profile", "Familiarization", "Hours of Rest", and "Leave", each accompanied by a small icon. The main body of the screen shows the crew member's name, "M.Y Amsung", and three tabs: "PROFILE", "PRIVATE DETAILS", and "CV & DOC" (which is currently selected). Below these tabs is a large input field with the placeholder "Drag and Drop Documents or [Click here](#)". Further down, there is a "Document List" table with columns for "File Name", "Checked", "Expiry Date", and "Action". The table contains several rows of document information, including "CV - Morris Hanna" (checked, expiry date -), "ENG1 - Morris Hanna" (missing, expiry date -), "STCW Basic Safety Training (All) Morris Hanna" (checked, expiry date 2018/11/07), "Passport - Morris Hanna" (checked, expiry date 2025/03/17), and "Master 500 GT Cert (Yacht) - Franklin Jonathan" (unchecked, expiry date 2015/07/03). A green "Download All Documents" button is located at the top right of the document list. The laptop itself is a dark-colored MacBook Pro.

Vessel Certificates Module

Ensure vessel certificate compliance. Our certificate matrix tracks any requirements from Private / Commercial yachts, to Cargo ships and Passenger vessels, cruising both European and US waters.

Tracking Compliance

- Set the vessels specification to ensure compliance
- Centrally track expiring certificates
- Senior crew can manage onboard access.
- Archive expired certificates

Alerts and Notifications

- Set the Alert period. Define how far in advance you wish to be notified.
- Summary emails. Receive one email summary for all the alerts in the coming week.
- Management can receive notifications when certificates have been uploaded by the yacht.
- Generate vessel expiry reports

Hours of Rest Module

Taking the pain out of hours of rest by enabling crew and officers to rapidly enter / monitor logged hours from any device or location.

Effortless Hours of Rest

- Intuitive design requires no training
- Multiple day entries
- Copy / Paste days or weeks
- In page alerts immediately show non compliance
- Sign Off locks the records from editing

Audit Trail

- Digital signatures.
- Comments summary view
- Late record alert
- Generates standard IMO Hour of Rest form
- Download a months reports with a single click

ISMO - Intergration

ISM - App

ISMO's ISM app meshes seamlessly with Yachtcru. Working together as a full ISM system, for individual yachts or for overseeing an entire fleet. Seamless ship to shore interaction with offline functionality ensures 100% uptime.

Forms and checklists

Existing / approved forms can be uploaded, as well as any yacht's specific procedures and checklists. Arrival / Departure Checklist, Permit to Work, Bunkering Checklist, etc.

Audit Trail

Signed stamped and delivered. Every action states when and by whom the action was made. Ships stamp can also be added. The closed document becomes non-editable and can be emailed to multiple recipients.

Wins for Captains and Management

- Reduce admin time
- Monitor compliance in real time
- Simply access from any device
- Set different access for each Module
- Security, built for GDPR, all data encrypted
- Only pay for the modules you require

Wins for the Crew

- Track your personal certificates
- Effortlessly log Hours of Rest
- Dedicated app for easy access
